WELLNESS CENTRE

At the Wellness Centre we pride ourselves on a truly holistic sports programme. This includes our state-of-the-art technology-led treatments. These include Cryotherapy, Oxygen Chamber Therapy, Photo Bio Modulation and IV Infusion. Our experts work with Dr. Saskia Kloppenburg to offer highly efficient treatments. We also offer a host of more traditional treatments, from sports massages to relaxing hot stone treatments.

LEISURE ACTIVITIES PROGRAM

Surrounded by forests and vineyards, Catalunya is the perfect base to try some of our locally grown wine at one of our wine tastings. If walking or cycling sounds more appealing, the surrounding forests and mountains will keep you suitably busy.

There's plenty to do at Camiral Golf & Wellness- including the Forest Park for some adventurous team building. Or, perhaps you'd prefer to explore nearby Barcelona, Costa Brava or Girona?

There are plenty of options to choose from.

RESORT MANAGED AS A NATURAL RESERVE

The resort has long been committed to environmental conservation and sustainability. In 2013, it was the first European Tour destination to receive the GEO Certificate from the Golf Environment Organization. In 2020, it received the IAGTO Sustainability Award for Nature Protection in recognition of excellence in environmental and social responsibility.

The maintenance and upkeep of the resort is akin to that of a natural sanctuary, with resident biologist overseeing its native fauna and flora. This differs to the methodology underpinning most golf courses, in line with policies established in the European Green Deal and the EU biodiversity strategy 2020-2030.

GOLF

Camiral Golf & Wellness is home to two world-class golf courses consistently ranked among the best in Europe.

Home to the Spanish Open on three occasions and to the #1 ranked golf resort in Spain, the resort is a regular venue for European Tour tournaments.

With its well-equipped, hi-tech practice facilities and superb natural setting, our golf resort is perfect, whether you're looking to improve football focus or simply enjoy bonding with the team over a game of golf.

Gameplay and enjoyment will be further enhanced with a trip to the Golf Hub, with personalised coaching, virtual golf games on the practice range, world leading Tour technology and equipment fitting by our PGA professionals.

GASTRONOMY

Enjoy an authentic Catalan menu curated by our Executive Chef, David Vives. Our avant garde kitchen specialises in experimental dining using locally sourced and seasonal ingredients. We aim to offer guests cuisine using ingredients grown in the region with a focus on outstanding quality.
